

NEWEST TECHNOLOGIES IN ONCOLOGY

22/3/12

The UK Trade & Investment Team in Madrid, in collaboration with SEOM and CNIO invite you to an Oncology Seminar on the Thursday, 22nd March in the British Embassy, Torre Espacio, Paseo de la Castellana 259 D.

This seminar will offer the possibility to hear from experts about recent trends in Oncology in the UK and in Spain. It will also offer the opportunity to find out about some of the newest technologies and services used in drug development and to learn about new products for cancer patients.

This seminar is suitable for pharmaceutical and biotechnology companies carrying out drug development in the area of oncology. It is also suitable for medical professionals and other individuals who are active in this field.
