# IMI Project pipeline

14<sup>th</sup> September 2012

# IMI: Where we are today?

- 1<sup>st</sup> Call launched April 30, 2008  
15 projects started from mid 2009 - early 2010  
Total Project Budget 242,2 Mio €

---

- 2<sup>nd</sup> Call launched November 27, 2009  
8 projects launched in Feb/March 2011  
Total Project Budget 146,6 Mio €

---

- 3<sup>rd</sup> Call launched October 20, 2010  
7 projects kicked off Nov 2012/ Feb 2012  
Total estimated Project Budget 182,6 Mio €

---

- 4<sup>th</sup> Call launched July 18, 2011  
7 projects expected to sign Grant Agreement in August 2012  
Total estimated Project Budget 187 Mio €

---

- 5<sup>th</sup> Call launched March 6, 2012  
European Lead Factory: *European Screening Centre and Joint European Compound Collection*  
Total estimated Project Budget 169 Mio €

---

- 6<sup>th</sup> Call launched May 24, 2012  
New Drugs 4 Bad Bugs (Antimicrobial Resistance project)

---

- 7<sup>th</sup> Call launched July 17, 2012  
Framework for rapid assessment of vaccination impact in Europe (part of EMIF)  
New approaches to Clinical Effectiveness Research (HTA project)

- 8<sup>th</sup> Call Projects under consideration

Under the programme Antibiotic Resistance: NewDrugs4BadBugs:

- Fighting Staphylococcus aureus infections: Epidemiological studies and clinical trials with a monoclonal antibody (subtopic 1c already presented in Call 6)
- Discovery and development of new drugs combating Gram-negative infections (topic 3)

Additional topics:

- Development of drug-drug combinations
- Developing an Aetiological Based Taxonomy of Human Disease
- Leveraging Emerging Technology for Pharmacovigilance
- Building a European bank to hold and supply iPS stem cells

---

- Call for proposals to explore new scientific opportunities in ongoing IMI JU collaborative projects 2012/2013
